FUEL CAPACITY: 1000 Gal.

Engine Details

- 6X Mercury 500Rs
- 4X Mercury 600 V12

Deck Layout

Choosing to take in the sun on the forward lounges or socializing in the aft lounge area is a matter of preference. What's not is the innate feeling of luxury, comfort and convenience found throughout the main deck. Go for a swim from the inward swinging dive door, gather refreshments from the aft summer kitchen, or relax under the skylights beneath the hardtop. The 59' Tirranna offers luxurious comfort without compromising its performance, it's the perfect yacht to enjoy with your friends and family.

Advanced Hardtop ———

Skillfully engineered to provide a low center of gravity for increased performance and comfort without compromising a beautiful design aesthetic. The Cigarette signature four-pillar, all carbon-fiber hardtop features an 8' wide, double-curvature, and the frameless tempered safety glass windshield offering exceptional wind protection. Integrated flood lights, boarding handrails, full-spectrum ambient lighting, skylights, windshield wipers with a cleaning system, and an electrically actuated sunshade prove that the demands of occupant comfort can be bridged with a beautiful design.

Sunshade ———

The Tirranna's hardtop offers a telescopic sunshade. At the press of a button, the shade will cover the aft entertainment area. All done and ready to get underway? Simply press the "shade in" button on your Garmin display and it will retract into the hardtop.

State-of-the-Art-Helm ———

The Tirranna's advanced helm features dual, flush-mounted, 24" Garmin multifunction displays. The glare and fingerprint resistant, nano-coated instrument panel is fastened using titanium. It includes integrated cup holders, phone holders, stainless steel grab bars, a starboard side electric sliding cabin door to provide the convenience and comfort that is synonymous with Cigarette. Second row guests will enjoy a clear view of the overhead 9" Garmin Multi-function display, so they can enjoy the navigation details as they see and feel the power and performance of the Cigarette Tirranna.

Digital Switching ———

State of the Art doesn't have to be cumbersome or confusing. A thoughtfully designed digital system allows the capability to control almost any function of the 59' Tirranna with ease. The Garmin Convenience package also distributes three additional Garmin multi-functional displays throughout the Tirranna, so you are always a touch of a button away. The system allows for simplistic controls as sequentially starting all six engines with the push of one button and macros to shut down the vessel at the end of the day.

Seven Forward Facing Seats ———

Seven plush forward facing seats rest behind the helm. The helm and co-driver seats are shifted forward for extra visibility, while the second-row of seating is staggered from the first row to allow second-row passengers great forward visibility. All seating may be flipped upward to allow a standing, bolstered position.

Aft Lounge ———

A boat like the Tirranna calls for the need to entertain. Aft forward and rear facing seats electronically extend to form an oversized sun lounge for the ultimate mix of comfort and style. A telescopic sunshade extends and contracts over the aft conversational area for added comfort. The Aft seating incorporates convenient in-seat and floor storage solutions for ease of use and peace of mind.

Summer Kitchen ———

Grab a bite or some refreshments from the 8' wide multi-purpose summer kitchen. It features a full-width lid with integrated lighting, a nano-coated anti-bacterial countertop with plancha grill and sink, along with excessive storage.

The kitchen may also be optioned with drawer refrigerators or freezers.

Lighting Without Limits ———

The Tirranna incorporates carefully studied light designs with endless possibilities. Our fully-integrated digitally controlled RGB ambient lighting system powers LED lighting throughout the deck and cabin with near infinite color variations. This technology extends seamlessly into an underwater RGB system with full spectrum control to create the perfect vibe for a night out on the water. Additionally, there is a High powered LED down lights in the hardtop, along with red captain's lighting that provides general task and night task lighting.

JL Audio x Cigarette Racing

For the finest marine sound systems, Cigarette relies on the leader in the industry, JL Audio Marine. To meet Cigarette's pressing demand for the perfect, audiophile quality systems that can withstand the rigors of the sea, wind and open cockpits - JL Audio Marine engineers designed and built a sound system so clean and so clear that it was named "Cigarette PURE."

Cabin Overview

Fully upholstered in premium bovine leather from world-famous Italian leathership, Poltrona Frau, the cabin is the perfect retreat from the sun or for that afternoon nap. It includes features such as cabinetry with a pop-up TV, a full-size California king bed, a sculpted leather sofa that becomes an extra bed, large glazings that align with the hullside windows allowing natural daylight to flood the areas, and A/C to keep those hot days cool and comfortable.
