51'5"  
515

51' 5" Length - 9'6" Beam - Max 3,100 HP

[cigaretteracing.com](http://cigaretteracing.com)

---

The 515, a completely new performance boat of unprecedented quality, is the flagship performance-oriented boat in the Cigarette model lineup. This is the most innovative performance boat Cigarette has ever built, designed from the ground up, utilizing the latest technologies and methodologies in design. Confident, composed and exhilarating, the 515 demands to be driven. Each 515 is commissioned custom through Cigarette's Design Center, with immense personalization opportunities to reflect each owner's unique identity.

## SPECS

---

MAKE: Cigarette

MODEL: 515

LOA: 53' 11"

LENGTH: 51' 5"

BEAM: 9' 6"

HEADS: 1

FUEL TYPE: Gas

FUEL CAPACITY: 278 Gal.

# Engine Details ———

- Twin Mercury Racing 1350/1100
- Twin Mercury Racing 1350/1550s  
With M8 Drives

# Deck ———

The 515 deck applies a carbon-fiber, vacuum bagged sandwich construction to provide high rigidity at a lighter weight - over 1.7x more flexural rigidity than typical construction methods. As the highest point on the boat, special consideration was given to keeping the deck light-weight to optimize the performance dynamics of the boat.

# Swim Platform & Hatch Lifter Integration

Technologically advanced as it is beautiful, our carbon fiber engine hatch is strong, light-weight and functional. Cigarette Racing stresses the smallest of details, no more evident than a hatch that exemplifies aesthetics while reducing weight for overall performance.

## Cockpit

The Cigarette 515 is longer than the 50' Marauder by 1' 6" and taller by 1' 3", but the bulk of its increased size comes from the beam which is 1' 6" wider. This results in a vessel which is over 30% larger in surface area than its predecessor and creates a cockpit which allows for six comfortably seated passengers.

## Console ———

The consoles use a “glass-cockpit” dash assembly which recesses 22” Garmin touch screen multifunction displays with GPS and Mercury integration for engine data. The switches are lit push buttons; IP67 rated for extreme durability. The stainless steering wheel features Cigarette’s custom embroidery on the center cap.

## Garmin x Cigarette Racing ———

When two iconic brands collaborate, the result is rather exciting! As the first manufacturer to be Garmin-Certified, Cigarette has proudly partnered with Garmin to feature state-of-the-art technology and design to give our owners the most ergonomic and intuitive resources to make a day out on the water fun and easy. The optional Garmin Convenience package places a 9” multifunctional display at the aft conversational area and bow section, for additional control points of digital switching, media, and navigation. No need to get up, just tap that screen!

## Carbon-Fiber Bolsters ———

The seat backs are meticulously constructed of pre-preg carbon fiber. The result is strong, beautiful and light-weight.

## CNC Bolster Bases ———

Cigarette's attention to detail and dedication to perfection is prominently on display in its CNC milled aluminum pieces. Our custom-designed, precision milled pieces for the new 515 are uniquely triple-anodized to produce a beautifully bespoke component of multiple colors.

# Impeccable Construction ———

Completely bespoke, each boat is fitted with a range of materials and in-house crafted embroidery.

# Room For Six ———

The expansive cockpit allows for six seats. There are integrated cockpit tubs under the rear seats, since these are drained, they may be used as coolers. These also have a gutter to help keep things dry if used for dry storage.

## Carbon Air Intake

---

Exposed weave pre-impregnated (“pre-preg”) carbon fiber air intakes contrast the painted body. Besides looking great, these pieces are also extremely light: the air intakes weigh only 4.4-lbs, despite being over 7ft long and 14-inches wide.

## Spacious Cabin

---

The 515 offers more head room height and a comfortable seating arrangement due to its deeper hull design and spacious 9’ 6” beam width. The added width also provides a more accommodating cabin door width and roomier steps accessing the forward deck of the boat. It also includes integrated storage boxes located on both port and starboard side of the cabin, which include drains so they can be used as coolers. Additional storage is located behind the seats providing a great place to store towels and soft goods. The most notable aspect is the light-weight construction of the 515's cabin shell in carbon fiber, enabling the incorporation of all these amenities without a significant increase in weight.

# Included Options ———

## COCKPIT

- Powered Re-designed CNC Machine Billet Bolsters with New Dark Gray Anodization
- Latham Polished Stainless Steel Tilt Helm
- Carbon Fiber Gauge Cluster with Cigarette Logo
- Mercury Vesselview 5" Display
- JL Audio Pure Plus with Garmin Interfase
- Ergonomic Billet Footrests with Rubber Tread
- Cigarette Custom Painted Fiberglass Bolster Backs
- Soft Deck Flooring
- Mercury Racing Digital Throttles and Shifters
- Carbon Fiber Dash Panels
- (2) Flush-Mounted 22" HD Touch Screen garmin 8624 MFD with Depth Finder
- LED Digital Trim tab & Drive Indicator
- Cigarette Upholstery Embroidery Package
- Exposed-Weave Carbon Fiber Bolster Backs with Integrated Grab Bar
- Dash Controlled Battery Switches
- Cockpit Cover
- Shore Power
- Coast Guard Safety Kit Excluding Life Jackets
- Seating for Six (6) Individuals
- Push-Button Switching

## CABIN

- Cover Girl Cabin Layout with Hand Stitches
- Hydraulic Cabin Door with Integrated Steps
- Cigarette Logo Embroidered on Bulkhead Curtain
- Custom Build Dual Compartment Cooler
- Composite Cabinet with Countertop
- Dynamic LED Lighting
- Carbon Fiber Electrical Power with 12V Power

## HULL & RIGGING

- Twin Aluminum Fuel Tanks 278 Gallon Capacity
- Cockpit Cover with Fasteners
- Stainless Steel Pop-up Cleats
- Stainless Steel Rub Rail
- Anti-Corrosion MerCathode System
- Stainless Steel Engine Hatch Hinges
- Navigation Lights & Pop Up Bow Light
- 6" Wind Deflector
- Mercury 380S Trim Tab
- Underwater LEDs

## ENGINE ROOM

- Cigarette Custom Floor Plate
- Fireboy Automatic Fire Extinguisher
- LED Flood Lights
- Painted Heavy Duty Engine Mounts
- On Demand Battery Charger
- High Output Bilge Blowers
- Sea Strainers with Transparent Lid
- Engine Hatch Lifted with CNC Machine Billet Arm
- Painted Battery Boxes & AGM Group 31 Batteries
- Bilge Pumps (2x 2000GPH & 1x 500GPH)
- Mercury Colored Engine Option
- Stainless Steel Exhaust Tails with Beauty Rings
- Polished Stainless Steel Tie Bar

## PAINT

- World Famous Cigarette Paint

## UPHOLSTERY

- Cigarette Vinyl Upholstery

# Additional Options —

## COCKPIT

- Retractable Freshwater Transom Shower
- Dock Lines with Logo

## EXTERIOR

- Black Gel Coat
- Cigarette Sport Paint Package
- Complex Paint with Graphics
- Ultra Custom Engine Room Paint
- Tow Eye
- Swim Platform
- Speedometer Above Cabin Door

## INTERIOR

- Portable Toilet
- Sport Teak Flooring
- Cigarette Cool Touch Upholstery
